

# SN3.0/4.0/5.0/6.0/8.0/10/12PT

## Three Phase PV Inverter/2 MPPTs

### Safe & Reliable

IP66 protection & C5 anti-corrosion rating  
Type II SPD, both DC & AC sides  
Built-in arc-fault circuit-interrupter

### High-Performance Management

Accurate string current detection  
Support export power limit  
Local & remote maintenance

### High Yield

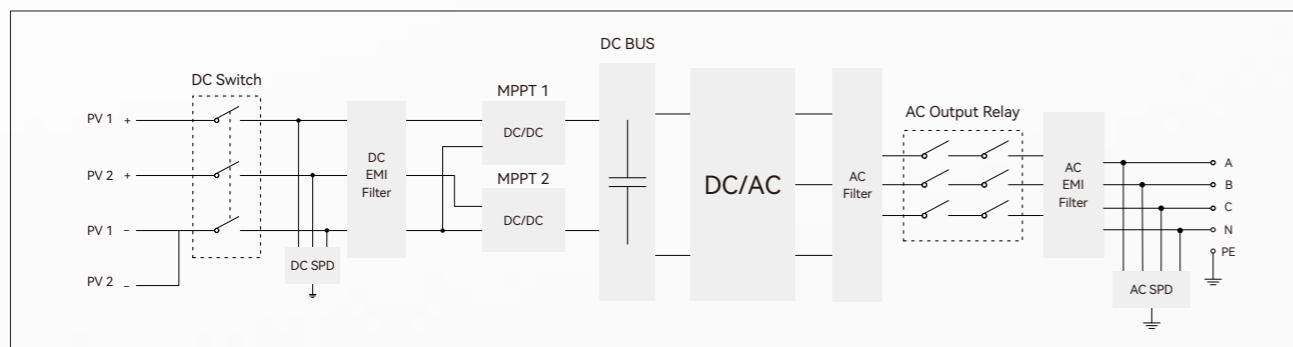

Max. efficiency up to 98.5%  
Up to 16A, max MPPT input current  
1.1 times continuous output overload

### User-Friendly Design

Fanless design for quiet operation  
Optional OLED screen  
Quickly set up smart monitoring via APP

## Circuit Diagram

| Model                               | SN3.0PT   | SN4.0PT   | SN5.0PT   | SN6.0PT   | SN8.0PT                                  | SN10PT    | SN12PT    |
|-------------------------------------|-----------|-----------|-----------|-----------|--|-----------|-----------|
| <b>Input (PV)</b>                   |           |           |           |           |  |           |           |
| Max. PV input voltage               |           |           |           |           | 1100V                                    |           |           |
| Recommended max. PV power (STC)     | 4.5kWp    | 6kWp      | 7.5kWp    | 9kWp      | 12kWp                                    | 15kWp     | 18kWp     |
| Nominal PV input voltage            |           |           |           |           | 620V                                     |           |           |
| MPPT operating voltage range        |           |           |           |           | 140V~1000V                               |           |           |
| Full power MPPT voltage range       | 190V~850V | 190V~850V | 190V~850V | 225V~850V | 310V~850V                                | 375V~850V | 450V~850V |
| Startup PV voltage                  |           |           |           |           | 180V                                     |           |           |
| Number of PV inputs                 |           |           |           |           | 2 (2 MPPTs, 1/1)                         |           |           |
| Max. current per MPPT               |           |           |           |           | 16A                                      |           |           |
| Max. short circuit current per MPPT |           |           |           |           | 25A                                      |           |           |
| <b>Output (grid)</b>                |           |           |           |           |  |           |           |
| Nominal output power                | 3kW       | 4kW       | 5kW       | 6kW       | 8kW                                      | 10kW      | 12kW      |
| Max. output apparent power          | 3.3kVA    | 4.4kVA    | 5.5kVA    | 6.6kVA    | 8.8kVA                                   | 11kVA     | 13.2kVA   |
| Max. output current                 | 4.8A      | 6.4A      | 8A        | 9.6A      | 12.8A                                    | 15.9A     | 19.1A     |
| Nominal grid voltage                |           |           |           |           | 3L/N/PE, 230V/400V                       |           |           |
| Grid voltage range                  |           |           |           |           | 320V~480V (According to local standards) |           |           |
